EXPERIENCE

Graduate Learning Assistant, UNL College of Architecture
September 2021 - December 2021 Lincoln, NE.

- I helped students discuss and learn new drawing skills.
- Helped my instructor to understand the struggle of the new student.
- Organized and conducted teaching sessions effectively.

Architectural Intern, Altus Architectural Studios

May 2021 - August 2021 Omaha, NE.

- I participated in designing and post-producing projects on multiple scales.
- Worked with a team to design a picnic table.
- Analyzed cost estimations for renovation and expansion for buildings.
- Produced project presentations and design visualization.

Student Worker, UNL College of Architecture

Sep 2019 - May 2021 Lincoln, NE.

- I helped students with their design-build projects.
- Kept the shop safe for users to build their projects.
- Conducted office work including arranging data and making spreadsheets.

Student Intern, Nebraska Energy Office

May 2019 - September 2019 Lincoln, NE.

- I learned concepts in data analysis related to reducing energy consumption.
- Prepared energy consumption reports using the Energystar system.
- Conducted office work including arranging data and making spreadsheets.
